TO THE COMMISSIONER FOR PATENTS:

In the Specification:

Please add the following section heading and section at page 4, after line 15

BRIEF DESCRIPTION OF THE DRAWINGS

FIGURE 1 shows a dental structure including a filling that includes a portion of triaxial material.

FIGURE 2 shows a cross section of a dental structure and a filling.

FIGURE 3 shows a dental structure including a first layer of triaxial material superimposed upon a second layer of triaxial material, wherein the first triaxial material layer is offset with respect to the second triaxial material layer.

In the Claims:

Please amend Claims 1, 3, 6-9, 11, and 13-26 as follows. All pending claims thus presented for examination are as follows.

1. (Amended) A method of constructing, reinforcing or modifying a dental structure comprising contacting said dental structure with dental resin and a multiplicity of layers of triaxial material.
